Achieving A Competitive Namibia

# DANTAGO Double Nxa!

**What is Green Productivity?**

Productivity  
is about  
getting things done.

Reduce Wastage,  
Reuse & Recycle

**Dantago I found these  
old plastic boxes but I  
don't want to throw  
them away. What  
should I do with them?**

**We need to  
reduce waste.  
Think of a way to  
reuse the boxes.**

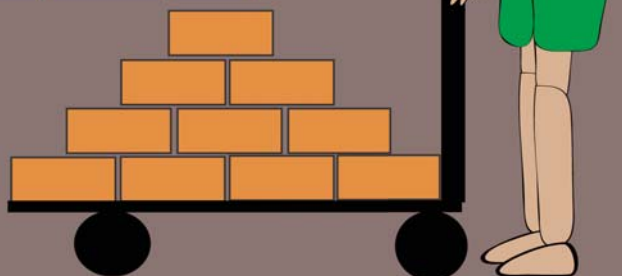

Ahmm....??

I know! We can use them  
as lunch boxes instead of  
our plastic and paper  
bags.

Nxa!

**Hey guys!  
Let's reduce waste  
by using these  
boxes as our lunch  
boxes instead.**

Productivity  
is about being  
innovative.

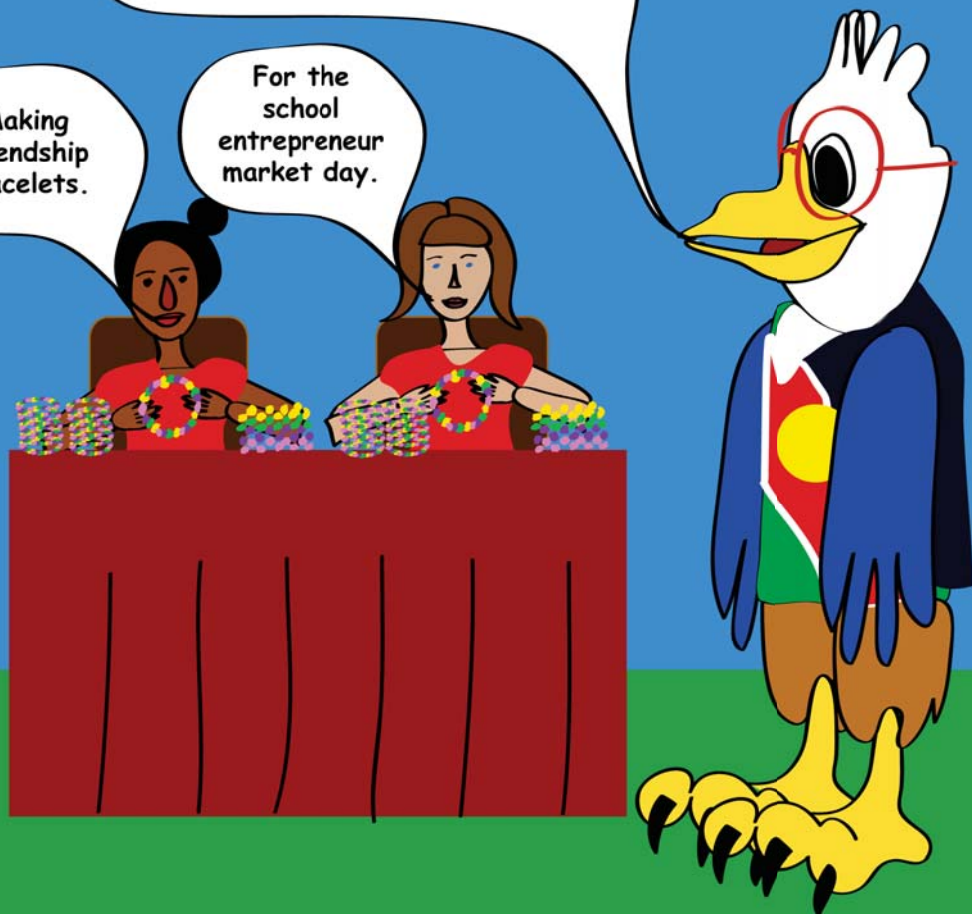

Reduce Wastage,  
Reuse & Recycle

What are you girls up to?

Making  
friendship  
bracelets.

For the  
school  
entrepreneur  
market day.

A cartoon illustration set against a blue sky and green ground. Two women are seated at a long table covered with a red cloth. The woman on the left has dark skin and her hair is in a bun; she is wearing a red top and holding a colorful, circular object. The woman on the right has light skin and long brown hair, also wearing a red top and holding a similar object. On the table are several stacks of colorful, patterned items. To the right of the table stands a white duck-like character with a yellow beak, wearing red-rimmed glasses and a dark blue vest over a shirt with a red, white, and green design and a yellow circle. It has large yellow feet with black claws. A long speech bubble originates from the duck's beak, pointing towards the women.

Are you making them out of  
recyclable materials?

Of course!  
Sweet wrappers.

And chocolate  
wrappers.

Only one  
Nxa?

Only one nxa because it  
is good that you are  
reusing materials but  
there will be many  
friendship bracelets on  
sale tomorrow. What  
will make yours  
special?

I don't know?

I know! We can turn them into friendship bracelet-key chains!

Great idea!  
Productivity is about being innovative.  
Double Nxa!!

Productivity  
is about being  
creative.

Reduce Wastage,  
Reuse & Recycle

Hi. I see you are recycling. Great!

Yes but sorting the plastic and paper is not fun. I'm tired. We have to sort the bins every week into separate bags for plastic and paper.

One Nxa!  
It's good that you are recycling.  
You know, you can use one of the  
productivity principles and make  
this task easier for you.  
Be creative!

Let me see.  
Ah mm?

I Know! I can put this cardboard in the middle and a blue plastic bag for the plastic and a green bag for the paper. Then all I have to do is pick up the bags next week!

Don't forget to put a sign on the bin!

Double Nxall!

Productivity  
is a marathon  
that never ends.

Hey Dantago.  
When are we  
going to stop  
training for  
the marathon?

Yes! When?

The more you train,  
the better you get.

Productivity is a  
marathon that  
never ends kids.  
Double nxa!

Productivity  
is about  
Sustainability

Hey! Your vegetable garden seems to be growing well. Do you have enough to feed the whole school yet?

I still don't have enough for everyone and managing the gardening all by myself is difficult.

I think you should call the other kids and ask them for help. Productivity is about sustainability. You can't do this all by yourself.

OK. I'll try see if they would be interested in helping me.

Nxa!

Look! Here they come!

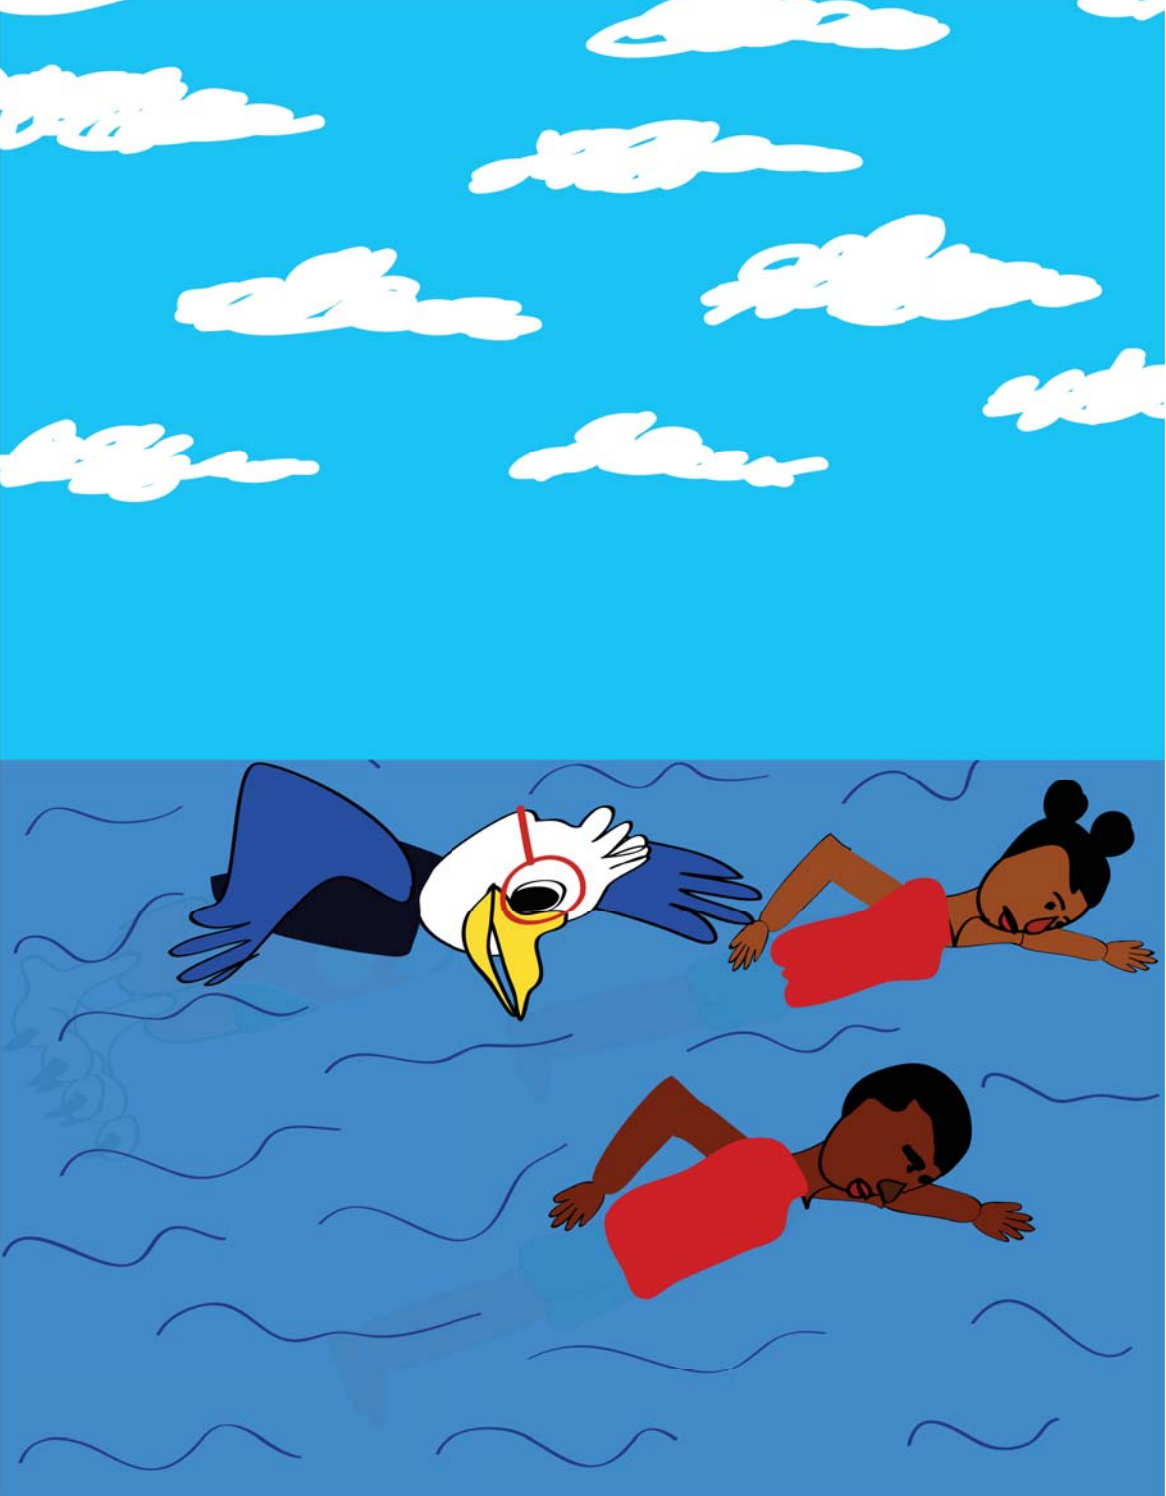

Productivity  
is about learning  
new things  
each day.

**Dantago can you  
teach me how to  
swim?**

Dantago can you  
teach me how to  
roller-skate?

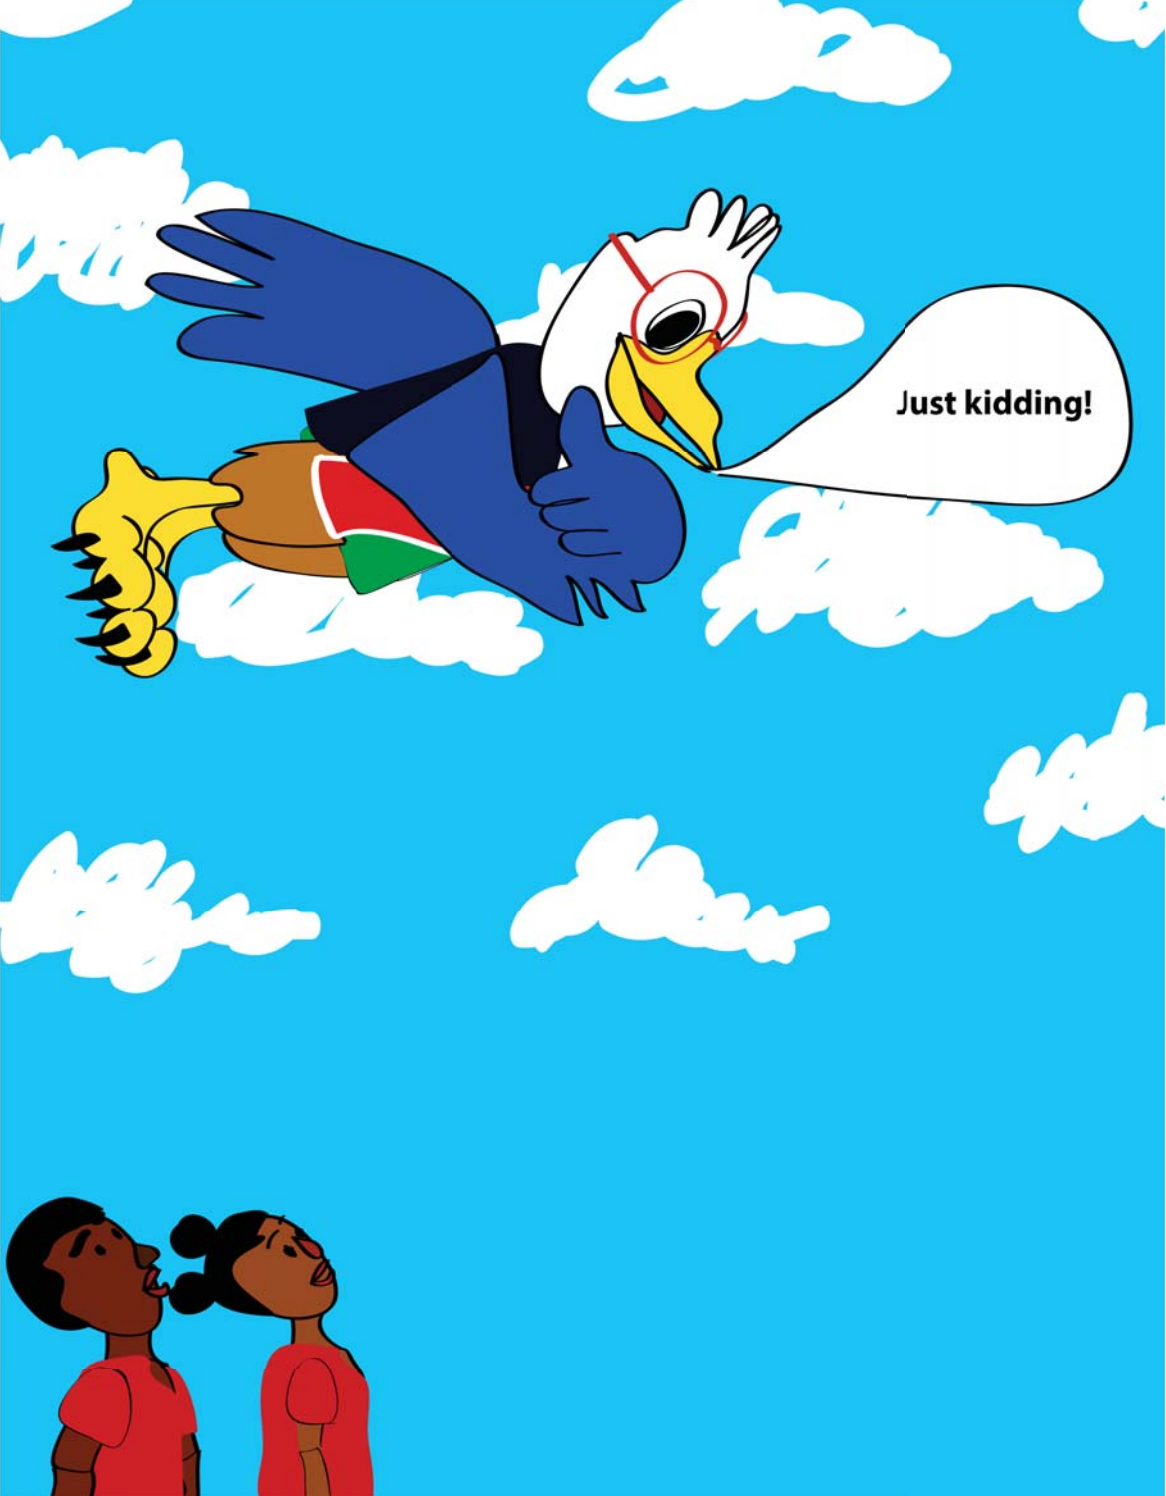

Kids can you teach  
me how to fly?

???

**Just kidding!**

Productivity  
is about being  
competitive.

## Score Board

### 100m Relay Semi Final

1. Team Leo	12:34
2. Team Tige	12:36
3. Team Dantago	12:38
4. Team Cas	12:44
5. Team Ele	12:50
6. Team Dino	12:51
7. Team Kang	12:53
8. Team Hippo	12:55

Hey team! Let's practice so that we can be number one.

Are you ready  
team?

Let's do it!

Yes!

Ready!

## Score Board

### 100m Relay Final

1. Team Dantago	12:34
2. Team Tige	12:36
3. Team Leo	12:38
4. Team Cas	12:44
5. Team Ele	12:50
6. Team Dino	12:51
7. Team Kang	12:53
8. Team Hippo	12:55

Double Nxa!

Productivity  
is about working  
smart not hard.

Hey Kids!  
How long will it take  
you to complete  
your class project?

About two  
hours.

Yes, we came up  
with a faster  
system. We are  
each reading  
different  
sections.

Then we will  
work on our  
sections.

Then we will  
teach each  
other what we  
learnt in the  
section we  
read.

Smart!  
Double Nxa!

Productivity  
is about using  
time right.

**Dantago! I don't know what to do. I am doing so many after school activities and I can't keep up. Today I packed my netball clothes Instead of my swimming clothes. What can I do?**

**Productivity is all about managing your time right. I think you should write down your weekly schedule and put your schedule up in your room so you can remember which clothes to pack.**

It worked!

### Daily Schedule

MONDAY:	School, Netball,
TUESDAY:	School, Drama
WEDNESDAY:	School, Swimming
THURSDAY:	School, Piano
FRIDAY:	School, Chess Club
SATURDAY:	Visit Granny & Grandpa
SUNDAY:	Church, homework
