

Republic of Namibia

MINISTRY OF LABOUR, INDUSTRIAL RELATIONS AND EMPLOYMENT CREATION

Productivity Namibia

Achieving A Competitive Namibia

Productivity Promotion Unit

Our Responsibility to You:

- To inspire and raise awareness on the importance and benefits of productivity in all sectors of the Namibian economy.

We perform the following functions:

1. Cultivate, nurture and promote productivity awareness among individuals, business enterprises, public sector organisations and the nation at large by conducting concerted productivity campaigns in the country.
2. Facilitate productivity improvement programmes to enable private sector companies and public sector organisations to increase their productivity levels.
3. Encourage companies to improve their global competitiveness through productivity growth.
4. Collect and analyse productivity related data and disseminate the information to relevant organisations and the general public.
5. Implement productivity improvement initiatives such as Kaizen application tools
